June 2, 2006

Food & Nutrition Service
3101 Park Center Drive
Alexandria, VA 22302

On June 2, 2006, the Consortium IV (C-IV) Joint Powers Authority Board approved the submittal of a grant application to the Food & Nutrition Service to develop and implement simple food stamp application and eligibility determination systems; or implement measures to improve access to food stamp benefits to eligible applicants.

As a C-IV partner, Stanislaus County is in complete support of this endeavor. We agree with, and are looking forward to, implementing the proposed improvements to the C-IV system. We believe that simplifying the application process for the public and making this process available via the Internet is in direct accordance with our Countywide Board of Director's focus and a valuable asset to the residents of our county in obtaining nutrition services.

Thank you,

Ken Patterson
Community Services Agency Director
Stanislaus County
